

GENERAL PLAN AMENDMENTS

Implementation of the Lake Merritt Station Area Plan will require amendments to the General Plan and to the City of Oakland Planning Code (“Planning Code”) to ensure that broad City policy and specific development standards are tailored to be consistent with this Plan. These amendments will be adopted concurrently with the Plan. Upon adoption, the objectives and policies contained in this Plan will supersede goals and policies in the General Plan with respect to the Plan Area. In situations where policies or standards relating to a particular subject are not provided in the Station Area Plan, the existing policies and standards of the City’s General Plan and Planning Code will continue to apply. When future development proposals are brought before the City, staff and decision-makers will use the Station Area Plan as guide for project review. Projects will be evaluated for consistency with the intent of Plan policies and for conformance with development regulations and design guidelines.

I. TEXT AMENDMENTS TO THE CITY OF OAKLAND GENERAL PLAN, LAND USE & TRANSPORTATION ELEMENT (LUTE)

The following are proposed text changes to the General Plan, Land Use & Transportation Element. Additions to the Plan are underlined; deletions are in ~~strikeout~~.

Oakland General Plan, Land Use & Transportation Element (LUTE)

Chapter 3: Policies in Action

The Land Use Diagram

Land Use Classifications

Urban Residential

Intent: The Urban Residential classification is intended to create, maintain, and enhance areas of the City that are appropriate for multi-unit, mid-rise or high-rise residential structure in locations with good access to transportation and other services.

Desired Character and Uses: The primary future use in this classification is residential. Mixed use buildings that house ground floor commercial uses and public facilities of compatible character are also encouraged. If possible, where detached density housing adjoins urban residential the zoning should be structured to create a transition area between the two.

Intensity/Density: Except as indicated below, the maximum allowable density in these areas is 125 units per gross acre.

- Within the Lake Merritt Station Area Plan area, the maximum allowable density is 205 units per gross acre

Policy Framework Basis for the Classification: Neighborhood Goals; Neighborhood Objectives N1, N2, N3, N5, N6, N8, N9, N10, N11, and related policies. Waterfront Objectives W8, W12, and related policies. Downtown Objectives D1, D2, D3, D6, D10, D11 and related policies.
