

CITY of OAKLAND
OFFICE of PARKS & RECREATION

CITY OF OAKLAND
Interoffice Memorandum

TO: Parks and Recreation Advisory Commission
FROM: Valerie Winn Center Director at deFremery Park
DATE: May 1, 2009
SUBJECT: Permission to Install Ramps, Billboard and Mural at deFremery Park

SUMMARY

The Office of Parks and Recreation (OPR) received a request from Town Park and San Francisco Museum of Modern Art to install ramps, billboard and mural at the deFremery Park.

FISAL IMPACT

There will be no fiscal impact on the Office of Parks and Recreation.

KEY ISSUES

Per the Office of the Mayor and the Public Arts Commission, Town Park and San Francisco Museum of Modern Art must receive permission from the Department of Parks and Recreation to install ramps, a billboard and a removable mural.

RECOMMENDATION

Staff recommends that the Parks and Recreation Advisory Commission approve the request to move forward in the proposed mural project.

Oakland, CA 94610

Dear Commissioners:

Friends of deFremery Center, a non-profit entities mission is to raise funds in support of low income children, teens and adults who attend activities at the Center. In an endeavor to meet our mission Friends of deFremery Center has partnered with Town Park in the development of a Skate Park.

Town Park has been awarded a generous grant to construct, design and display a mural by the San Francisco Museum of Modern Art. Per the City of Oakland's Public Art Commission we must receive the approval of the Park and Recreation Commission. Therefore, we respectfully request our item to be placed on your May 2009 meeting agenda. Find attached the suggested structural design and copy of the mural.

Friends of deFremery Center's board of directors would also request time to update the commission on our previously approved "World Record" fund-raiser.

Sincerely,

Henry Linzie
President, Friends of deFremery
