CITY OF OAKLAND

Interoffice Memorandum

Office of Parks and Recreation

TO:

Jeffrey Taylor, Chair, Parks and Recreation Advisory

Commission

FROM:

David Valeska/ Mark Hall

DATE:

July 8, 2009

SUBJECT:

Request for approval of the proposed improvements to the park land

located at 25th Street and Martin Luther King Jr.

SUMMARY

This item requests PRAC review and approves the design plans for restoration and enhanced facilities at the quarter-acre 25th Street and MLK Jr. Mini Park. The proposed facilities include replacement of a central concrete space with lawn (natural or artificial), installing two new children's play structures; adding half a dozen trees, upgrading lighting and fences and related improvements. The park is currently closed for repairs. Funding will be provided by Measure WW and other sources. Construction is slated to begin in 2009.

FISCAL IMPACT

The construction of the park is projected to cost between \$400,000 and \$700,000. The primary expenses of the project include resurfacing and re-landscaping the park; while providing enhanced lights and security fencing. Some existing facilities such as trees and a cultural mural may be retained. The park is under the control of Park and Recreation staff.

BACKGROUND

The City's General Plan Open Space, Conservation and Recreation Element (OSCAR) were adopted in June 1996. Pages 5-7 states "West Oakland also contains a large number of miniparks and plazas. Some provide a recreational amenity for young children. A greater variety of activities, along with increased public safety (lighting, ornamental gates, etc.) might help make these parks more hospitable to a broader range of users." Page 5-8 of OSCAR states that for the "25th Street Mini Park Public Safety and landscaping improvements would be helpful."

In March of 2009 the City is submitting this park and a dozen other parks for funding from Measure WW, as previously discussed at PRAC meetings.

Project Description

The Park is a level quarter-acre corner parcel at 25th Street and MLK in West Oakland. The Park was built over 20 years ago, and deterioration has set in; since closure; and has been fenced until adequate resources are identified for rehabilitation. The new plan proposes replacing the central oval shaped paved surface with turf or a type to be determined before construction, adding two children's play structures, half a dozen new 36-inch-box sized trees, new lighting and fencing. Some existing improvements like the mural and trees would be restored and retained. The design would promote access for the disabled (ADA)

Key Issues

prac_item_12J_070809

Security

The park is exposed on a corner near the 980 freeway and has been a security and graffiti problem in the past. The new design enhances lighting and fencing, while preserving the viability of positive neighborhood use. The design follows provisions of CPTED (Crime Prevention Through Environmental Design) staffed by police officers, planers, and other, including safety lighting, control shrubs to maintain security viewing from the street and fencing for control.

Neighborhood Input

The PRAC hearing would be followed by a condition al use permit/ regular design review, public hearing before the planning commission within the next month. Notices to the neighbors are involved in each hearing. Staff anticipates that neighbors have generally been waiting patiently for these improvements and would welcome an upgrade from the status quo.

Disability and Senior Citizen Access

The shape and location of the flat rectangular mini-park promotes access for the disabled and senior citizens. Security and landscaping improvements will enhance the park experience for these groups.

RECOMMENDATION

Staff recommends that the Parks and Recreation Advisory Commission approve the 25th St. and MLK Jr. park restoration plan and related grant funding review requests. PRAC is asked to recommend to the Planning Commission approval of the conditional use permit/ design review.

Respectfully submitted,

Mark Oliver Hall

Special Assistant to the Director on Capital Improvement Projects

Office of Parks and Recreation

David Valeska Planner, CEDA
